Principal's Message

We are almost half way through the school year. I know it is all perception, but the second half of the year seems to go by much more quickly than the first half. The second half of the year is a very busy time for our grade 12 students. They have graduation, local scholarships, bursaries and awards and District Awards to prepare for. They also have the heavy laden task of figuring out what it is they are going to do once they graduate and finish high school. Now is the time to begin thinking about post-secondary options. Many students enter the world of work, while others seek further training and further schooling. If students need some advice of post-secondary options and prerequisites for specific programs they can make an appointment with the grade 12 counsellor, Ms. Ingram, and she will help out.

The most critical piece of information for grade 12 students is they must have 80 credits in order to graduate and to participate in any school grad events. They must have these credits by June 11.

Simon Fraser University full scholarship – please see Ms. Ingram

[The Uggla Family](#) Scholarship, which will be comprised of **10 full-ride** opportunities for equity-deserving students applying to either the [Beedie School of Business](#) or to a program in the [Faculty of Applied Sciences](#).

This new scholarship will be available for the incoming class of Fall 2021 and we wanted to give you a heads-up and share some high-level details:

- The Uggla Family Scholarship program aims to support exceptional students who through their identity or life circumstances may face barriers to participating in post-secondary education.
- Students still need to apply to SFU by the regular high school application deadline – January 31st, 2021 – and intend to pursue studies within either the Beedie School of Business or in a program in the Faculty of Applied Sciences. (In future years, this scholarship may become available to all faculties/programs).
- The student must be competitive for admission into the Beedie School of Business or the Faculty of Applied Sciences.
- Students who have already applied for admission, and also applied to our regular Entrance Awards Scholarships program (deadline of December 17th), **will be invited to also apply for the Uggla Family Scholarship. A separate application will be required.** They can be considered for both, although double offers will not occur.
- Students who have already applied for admission to SFU, but did not apply for our regular Entrance Awards Scholarships program, **can still apply for the SFU Uggla Family Scholarship.** We'll share more details in the next couple of weeks.
- See Ms. Ingram

British Columbia School Sports Scholarships

BCSS is pleased to announce the renewal of the BCSS Zone Scholarship, Dave Gifford Memorial Scholarship, Bert & Quartermaine Badminton Scholarship and the BC Dairy Scholarship. The submission deadline for all of the scholarships is **Monday May 3, 2021 at 4pm.**

The application package can also be found on their website at:

<https://www.bcschoolsports.ca/awards/scholarships>

British Columbia School Trustees Association Scholarships

Below is a link to the BC School Trustees Association website page regarding 2021 BCSTA Scholarships for student citizenship. There are 3 awards for \$500 for BC students who have shown exemplary citizenship in their school and community.

The application package is available for download at the web page. Deadline for submission is March 1.

The link is: <https://bcsta.org/resources-and-services/bcsta-scholarships/>

Local Scholarship, Bursaries & Awards

Each year we give out approximately \$90,000 in local scholarships, bursaries and awards. These monies come directly from local businesses, families and organizations. These monies go directly to Quesnel graduates. This package will be made available to grade 12 students on March 1 and the completed application is due back to us by April 14.

Learning Survey

This year students in grades 10 and 12 are being asked to participate in the BC Ministry of Education Learning Survey. Students have participated in this survey in grades 4 and 7. This survey will be administered in March and April.

Parents and guardians may complete the survey by going to the Parent Direct Access from the website below and selecting their child's district (SD 28 – Quesnel), school name (Correlieu) and language of preference.

www.bced.gov.bc.ca/sat_survey/access.htm

Literacy & Numeracy Assessments

This winter students will also be participating in the BC Ministry of Education Numeracy & Literacy Assessments. The results of these assessments are recorded on each student's official transcript and are required for graduation.
