Principal's Message

Grad

Any grade 12 student interested in purchasing a Grad 2021 Hoodie please see Mr. Runge or the office for an order form. Orders due by Friday, February 12th.

We will soon set up a Facebook group for all parents & guardians of graduates, and all graduates, to generate and share ideas for graduation events. The critical factor in all of our planning is that we have to comply with all guidelines set out by the BC Center for Disease Control, the Ministry of Education and School District 28.

Student Drop-Off and Pick- Up

Please be reminded that the student parking lot, the one farthest south on Anderson Drive, is the drop-off and pick-up location for students. Please do not pick-up or drop-off students in the staff parking lot or the bus lane. Thank you.

Learning Survey

This year students in grades 10 and 12 are being asked to participate in the BC Ministry of Education Learning Survey. Students have participated in this survey in grades 4 and 7. This survey will be administered in March and April.

Parents and guardians may complete the survey by going to the Parent Direct Access from the website below and selecting their child's district, school name (Correliou) and language of preference.

www.bced.gov.bc.ca/sat_survey/access.htm

Report Cards

Quarter 2 Report Cards are available on the My Ed Parent Portal. If you need help navigating this on-line system please contact Jasmin at the front desk at 250-992-7007 or by e-mail at jaminsczesny@sd28.bc.ca. She will assist you with access or e-mail you a copy of the report card in the order in which your request is received. Your request could take several days to process depending on the volume of requests. Please note that you or your child is welcome to pick up a hard copy of the report card from the office – they have already been printed.

Scholarships & Bursaries

Grade 12 students are encouraged to research and find scholarships and bursaries which they may be qualified for on the web. Many large businesses and organizations have awards for students going to post-secondary.

Check out the following links:

<https://studentaidbc.ca/explore/grants-scholarships>

<https://www.educationplannerbc.ca/plan/finance/scholarship>

<http://aboriginallearning.ca/scholarshipsbursaries/>

<http://www.disabilityawards.ca/government-of-british-columbia/>

The local scholarship, bursary and awards package will be made available to grade 12 students on March 1.

Adventures in Health Care

The purpose of the ROTARY Adventures in Health Care program is to help those interested in **EXPLORING** educational and career opportunities in health care. Unfortunately, because of the pandemic, the **LIVE** program has been suspended for 2020 and 2021.

The **FREE ONLINE** program is not meant to replace the **LIVE** program. Adventures in Health Care **ONLINE** will broaden your scope of knowledge in the field of health sciences, allowing you to make more informed choices as you move forward in high school. Good planning gives you good results.

- What follows below is an outline of the **FREE ONLINE** program.
 - Unit 1 - Exploring the sites and sounds of the **LIVE** program
 - Unit 2 - Investigating how diseases were handled in our look back in history.
 - Unit 3 - Stepping into the life of a Canadian medical doctor in her final years in residency. Her insights are 21st Century and sometimes thought provoking.

The program will go live March 13, 2021. There are brief quizzes following some segments that will encourage you to look back and recall what you have just watched and read....it's called retention. The quiz is not a pass or fail, its purposes is....you guessed it, retention. But you are encouraged to retake each quiz if you are not happy with the results. Remember it's about learning. There is no fail, just lack of knowing. Upon completion of the three units of the program (participating in all the quizzes and the student survey at the end) a certificate will be awarded. It can be used in your graduation portfolio as well as your Capstone Project in Grade 12
